

INTERNATIONAL CONFERENCE ON COATINGS ON GLASS AND PLASTICS

Advanced coatings for large-area
or high-volume products

24 – 26 June 2024

Dresden, Germany
www.iccg2024.org

Closing date for exhibitor applications and
sponsorship orders (*later dates on request*):

24 May 2024

- up to 300 delegates
- up to 40 exhibitors
- more than 50 presentations and short courses

The International Conference on Coatings on Glass and Plastics (ICCG) is the **leading global conference** on science and technology of coatings for large-area or high-volume products.

At ICCG, researchers, technical experts, industry innovators, decision makers from academia, research institutions, material and equipment suppliers, coating manufacturers, and end-users convene to discuss the **latest developments and future trends in coating technology**.

The conference programme focussing on “Coatings and Surface Technology in a Transforming World” offers dedicated sessions on **sustainability, energy efficiency, and digital transformation**, embedded in a broad range of scientific, technical, and application-oriented presentations. Multiple **networking opportunities provide an inspiring forum** for like-minded peers to deepen the dialogue.

The **accompanying exhibition** – open for the conference delegates on 24 – 26 June 2024 – turns into a **marketplace for innovation**. The conference schedule ensures adequate time for in-depth discussions without having to miss out on a talk or skip a presentation.

ICCG – WHERE SCIENCE AND INDUSTRY MEET!

**Come on board as an exhibitor and connect
with this unmatched high-class audience!**

Organized by:
International Organizing Committee of ICCG, Fraunhofer FEP,
and Vincentz Network

Closing date for exhibitor applications and
sponsorship orders (later dates on request):
